

Spring 2022 CSE 3044
Term Project Homework#3
Deadline: 08.04.2022 17:00

1.) If you still do not have, find a suitable and creative project name for your project.

2.) Write your project's Software Requirements Specification (SRS) according to given template.

- Use Case Diagrams with very simple scope **will get nearly zero points.**
- You should use all the information we study in our PS's and Lectures
- You should add use cases, actors **as many as possible.**
- **Remember you will make an implementation based on your requirements.**
- **At the end of the report:** Prepare a simple table that shows **who did what during the study of this report.** (A simple table showing the work-sharing between team members)

Submit your report to **cse3044marmara@gmail.com**

with the subject: **"CSE3044 SRS Document Group #"** , no hard copy submission

LATE SUBMISSIONS WILL NOT BE ACCEPTED.
